

"For we ourselves were once foolish, disobedient, led astray, slaves to various passions and pleasures... But when the goodness and loving kindness of God our Savior appeared, He saved us... by the washing and renewal of the Holy Spirit, whom he poured out on us richly through Jesus Christ our Savior" Titus 3:3-6

### Executive Director's Commentary

# Pregnancy Care Center

Dear Friends for Life,

It's good to have friends, and there are few ministries with as many friends as the Pregnancy Care Center and Women's First Choice. Many of you placed us in your giving plans, an extremely tangible way of saying "we're with you."

This means more than you can know. When a young lady walks in our offices with fear in their eyes, we greet her with a smile and a comforting word. We offer hope. We offer encouragement. We offer the truth about abortion. Most of all, we offer the love of God, expressed through Jesus Christ.

Behind the love they see in us here at the center however, is a family of individuals and families, saying to the patient, "We are with you. We've given so that you can find hope. We've given so that you can find answers. And we have given so that you can find the source of love - the love of God."

My thoughts here aren't based simply on a number of checks or online gifts; they are based on something deeper: *The heart*. Behind every gift is a heart of love, a heart of compassion. And the heart behind those gifts is the heart of a family, joining together to reach out to those who need us the most, during what is perhaps the most frightening time in their lives.

At *The Great Turnaround*, we learned there have been more lives lost by abortion in 39 years than lives lost by American wars during the last 237 years. **We learned that if every aborted baby had a name and was put on a wall in the same way as the names on the Vietnam Veterans Memorial, that wall would be 87 miles long...and that wall continues to grow over 2 miles every year.** We were asked to think about if that was one of our children or our grandchildren. What would we give to rescue that child?

We learned that it takes \$1,200 to save a life of a baby. This includes advertising and services to reach **an abortion-minded young woman that has been convinced by millions of dollars of media advertising that abortion is her best and only choice.** What would we give to spare a woman the pain of abortion?

You are making a difference here. Thank you for joining hands - and hearts - and creating a ministry that is changing the culture in our community for the better. We're a family. And it is an honor to serve with you as our family continues to reach out to those who walk through our door.

Turning our community toward LIFE,

Darlene Barber  
Executive Director

## THE GREAT TURNAROUND

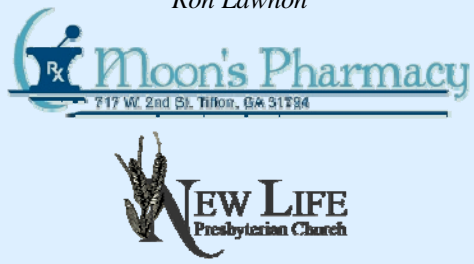

For all your support, prayers, hard work, and donations

# Thank You

**THE GREAT TURNAROUND** → **Donations Given/Pledged**  
**\$70,439**
