A Letter From The Advancement Manager

by Jason Jones

Dear Friends For Life,

Advancement Manager; that's my title, but what do I do; what am I supposed to do; what does Darlene think that I do? I manage the advancement of the center. No problem, right? Nothing is impossible with God! He can speak the stars into existence, make donkeys talk, raise the dead, and atone for the sins of man by the death of His only begotten, and so making the PCC of Tiftarea advance should be a breeze for Him. I lean wholly upon Him.

That having been said, we aim to erase the perceived need for abortion, and it's not gone yet, so we must continue in our expansion. There are medical pregnancy care center resource centers in Albany, Valdosta, which are close. However, the closest ones after that are Brunswick, Jesup, Dublin, and Macon, which are not close. Can you think of how many women facing unplanned pregnancies are in the area between us and them? It is not enough to reach out to Tifton with hands of mercy and deliverance and the gospel of Jesus! We cannot be content with 58 babies saved! However, only 25% of the people who attended the banquet and gave were from outside of Tift County, many from just across the line. How many lives are lost? Advance is necessary.

The surrounding towns and counties cry out for help, and we must come to their aid. These towns not only hold the women who need our services, but they hold resources necessary to reach those women and their unborn children. In these towns and communities lie volunteers, board members, churches, and financial resources. Many of these are yet untapped.

"Alright then, Advancement Manager, what are you going to do about it?"

Glad you asked. There are several strategies that we are using and about to use to advance. We are advancing in

our social media network to continually grow in our online presence. The reason that we are focusing on social media, is that the bulk of our patients come from online inquiries, referrals, and searches. If you are good at this, we could use you. That is the second item up for advance—YOU. Your networks, your family, your people that you know in other counties, we need you to wave the banner and help us to get into churches and civic organizations. We need you to put us in contact with businesses that may be supportive of our cause. Community leaders with influence that you have influence with, YOU have to go to bat for us! That is the best way that you can volunteer. Pretend that you do my job. See, you are our best volunteer. The banquet was great, a great place for you to bring people to, but you can bring them to our center to do a Vision Tour anytime, or we will even bring the vision tour to you. So, come on, let's advance together!

Helping You Rescue Moms/Babies,
Jason Jones, Adv. Mgr.

Thank you

for your faithful support of the Pregnancy Care Center and Women's First Choice Medical Center.

Do You Want To Leave A Legacy?

Every month, The Legacy Group, is building the foundation of the Pregnancy Care Center so that no patient is missed and every child has an opportunity for life. They are leaving a legacy.

This Legacy Group provides the backbone for all that we do with their monthly gift. We would love to add you to our Legacy Group and you can join the other 102 families that are already a part of this group. There is no minimum (and no maximum, either!), but I can tell you this: Every gift is accepted, and appreciated.

And when a life is saved at Women's First Choice you will know, without doubt, that you played a God-given role in a mom's decision for life.
