

What happens when all of us are “all in?”

Guest Commentary by Kirk Walden

Let's ask ourselves a simple question: Would we like to see abortion become obsolete? If your answer is yes, read on.

This dream—of ending abortion—is not as far-fetched as we might think. While our first instinct is to look at legislation and the courts, the most effective answer is the pregnancy care ministry, where hope—and practical solutions—are empowering women and families every day.

If pregnancy help ministries become the true first choice of those facing unplanned pregnancies, they won't consider the second choice of abortion. And when more choose life, less will choose to end their pregnancies.

The natural result of this monumental shift? Abortion clinics—with fewer and fewer customers—will close their doors in record numbers. The rise of pregnancy care ministries—in number and in services available—will render abortion more and more irrelevant. Ultimately, this can lead to abortion's downfall.

Frankly, I'd love to see this happen. My guess is, you do too.

Building an abortion-free country means offering our resources to make it happen. Perhaps, just perhaps, God is waiting on each of us to say, “I want this so much I'm willing to commit my treasure to the project.”

I did some research—and math—and found that if each pro-life home in America gave just \$10 a month to a pregnancy care ministry, the *average* pregnancy help center budget would be \$1.8 million. That's nearly \$5,000 *a day*.

This leads to a question: Do we believe that with funds like this, we could change more hearts, touch more people with the love of Christ and in the end, save more lives? I certainly do.

I'm committing to a monthly gift to my local pregnancy help ministry. Please join me. Whether it is \$10, \$50, \$25 or \$100 or more—together we're going to save a lot of lives this year. A lot of them. And in the process, we're going to start a wave of momentum that one day, renders abortion obsolete.

Abortion needs to end, as soon as possible. Regardless of the political winds of the day, we can make it happen. And with God's help, there is no better time than . . . Now.

A Vision for Life

March 11, 2010

An Evening with Pam Tebow

This year was amazing! Due to the generous donations and pledges from the banquet, we raised over \$62,000 for the year which is almost half of our annual budget. Praise the Lord!

Roses for the known lives saved in 2009

Many people have asked about the children's tract "Welcome to Heaven" that Pam mentioned. You can purchase them at act111.christianbook.com. This tract was written by Joey Allen, missionary and children's writer who is also her son-in-law.

Electronic funds transfer: Make giving easy for you, easy for us

You're in a predicament: You *want* to support the Pregnancy Care Center on a monthly basis but the thought of sitting down, writing a check, placing the check in an envelope, putting the stamp on the outside—whew. It all adds up to *one more thing* to do—every month.

If you want to hit the “easy button” on giving, why not consider electronic funds transfer? You name the amount, you name the date each month for the transfer, and we do the rest.

With E-Giving, you don't have to worry about remembering to write that check, and your investment in this ministry goes straight to work, changing hearts and saving lives.

Interested? We've enclosed a card with this newsletter for you to fill out and send with a voided check. Or if you prefer, you can go online at www.friendsofpregnancy.com and set up monthly giving.

Join those of us who are supporting the Pregnancy Care Center every month through electronic funds transfer. Your support makes all the difference.

Our quarterly newsletters are now available online!

If you are interested, send us an email to pregnancy@bellsouth.net and we will email them to you.

They also can be seen at www.FriendsofPregnancyCare.com

E-Friends for Life (Life Is For Everyone - even the unborn!) Update

We're #44; how about you?

The Pregnancy Care Center can't wait to launch Women's First Choice Medical Services and make this ministry the first choice for every woman in Tift County and beyond facing an unplanned pregnancy.

To strengthen current services *and* maintain this new initiative, we need 500 monthly supporters who will give whatever God leads—each month. If each of us does our part, our monthly gifts—together—will strengthen the Pregnancy Care Center's current services and help reach those we've never reached before. For as little as \$10 a month or more, you can make a difference!

We love supporting the Center because we know it is the one ministry where we know our gifts both save the lives of children—and change the spiritual lives of parents every day. To make our support more consistent—and easier—we've chosen electronic funds transfer. We decided *when* to make our gift, and the Pregnancy Care Center did the rest.

We're Richard and Lynda Fisher, and we're Number 44. Will you join us?

A call that could change your life - and many others

If you have ever thought, "I might want to be a part of the Pregnancy Care Center" but weren't sure you had the time, the abilities, or the right gifts, consider this...

Instead of wondering whether you could or should, why not give us a call at 382-4491 and mention that you want to know more? No obligations, no contracts - just a call. **If this is the place for you, you'll know. This might be the perfect place where God touches your life - and uses you to touch many, many others.**

The Ultrasound Machine is HERE!!

The Staff with the new machine on the day it was delivered!

The medical conversion process has taken a year and a half and we can see the end in sight. The nurses are finishing up more training and soon we will be able to launch *Women's First Choice Medical Services* offering free limited ultrasound. Limited ultrasound means that we will answer 3 things for all our patients: Is the pregnancy in the uterus, what is the age of gestation, and is there a heartbeat? What a great starting point to begin a discussion on life! Thank you for your part in making this possible through donations and prayers.
