A Letter From The Executive Director

by Jennifer Woodall

Dear Friends For Life,

Here's a reality, anything that affects individuals also affects society. Newton's third law states, "for every action there is an equal and opposite reaction." "Freedom of choice" has caused devastation in so many lives that the ripple effect has touched us ALL in some way. To add to the intricacy of the problem, when our nation legalized abortion in 1973, we minimized the sin of it as well as the grief that it creates. When society accepts abortion as morally acceptable, it does nothing to remove the burden of guilt from those who are post-abortive so therefore it further prolongs their suffering. At the PCC we are positioned right into the middle of the crisis, whether it is the woman in the

unplanned pregnancy or the post-abortive woman. There we are able to speak truth in love to rescue the mother AND her unborn child or to bring healing to those wounded by abortion. We know that abortion is wrong in the eyes of God, but we also know that He mercifully forgives AND restores. Though abortion scars the human soul, we know the good news that Jesus offers real hope and a REAL solution. We at the PCC want to be the real solution by transforming a woman's fear into confidence. As long as there is life, there is ALWAYS hope.

Sharing the hope of Christ,
Jennifer Woodall

PCC Banquet Wrap-Up

We are so blessed to have another successful banquet in the books! "Two heartbeats, One love" was a great night of food, fellowship, and even a few surprises! We were so honored to have two special ladies, Kiara and Crystal share their testimony as patients of Women's First Choice, as well as have Pastor Craig Barnett and his wife, Barbara, founders of the Pregnancy Care Center! Mrs. Barbara was burdened for the community back in 1985 as she recognized a need and set out to provide a place for women in crisis pregnancies. Now over 20 years later we are able to continue to sustain this ministry to see lives saved and changed through the gospel of Jesus Christ! Our guest speaker, Suzanne Guy, shared her testimony as well and charged us to

become more pro-active by first meeting the needs of the women in order to empower them through the gift of motherhood. "As long as there is a heartbeat, there is hope," Suzanne's mother said to her after a poor in-utero prognosis by her doctor who encouraged her to abort her now 19 year old daughter, Rachel. Even though Rachel was born pre-mature, she is now a healthy young woman who works relentlessly along with her mother to save women and children from the pain of abortion. We are so grateful for the sponsors who made this night a huge success. Without your support we could not be out on the mission field. Thank you for believing in what we do and allowing us to serve women and their children! This past year, with YOUR support, we were able to minister to 89 women in unplanned pregnancies and 38, that we know of, chose life. We were also able to minister to 3 women through our post abortion recovery program (P.A.T.H). Though we are not able to follow up with every patient we see to confirm whether or not she chose life, we know that we planted a seed of hope through the gospel of Jesus Christ and that is what we will continue to do each day with a fighting spirit.

Thank you
for your faithful support
of the Pregnancy Care
Center and Women's
First Choice Medical
Center.
